

Jessica Ask Hydrographic Coordinator Clinton Surveys

The Swedish survey company Clinton has appointed Jessica Ask as hydrographic coordinator. She will be working from the Gothenburg office.

Jessica has over 6 years of background in marine offshore surveys and worked as Hydrographic Coordinator, Offshore Manager and Report Coordinator in the Oil and Gas Industry. She has a large experience from planning, executing and processing several Geophysical and Hydrographical small to large scale projects in Sweden, Finland and UK.

Jessica is an experienced dedicated user of processing software, drives the processing forward and develops methods to push technology forward. She has a M.Sc. in Physical Oceanography at the University of Gothenburg.
