

SROV at Offshore Energy

Ola Oskarsson, founder and CTO of MMT, will give a presentation on 3D visualisation of subsea structures at Offshore Energy 2015 on 14 October 2015 in Amsterdam, The Netherlands. On 13 and 14 October at 10:00hrs and 13:00hrs, MMT will hold presentations on Surveyor Interceptor ROV and UXO surveys.

The Offshore Energy Conference is a platform for discussing key topics and solutions for the offshore community and MMT is part of the technical session on subsea processing from 15:15 - 17:15hrs.

MMT is on stand 9.006.
