

# Record-breaking Rental Week

Seabed, The Netherlands, has set a new record. In the week starting 4 July 2016, the company has reached its record by renting 5 Norbit Multibeam rental sets in one week. Seabed assisted in the installation in 2 out of the 5 sets.

The sets are deployed worldwide: 2 sets are deployed in the Netherlands, one set in Haiti, one set in Mexico and one set in Egypt.
