

HYDRO INTERNATIONAL INTERVIEWS DR NIKOLAY LEBEDEV, PRESIDENT OF TRANSAS.

A View on Hydrography From an ECDIS Manufacturer

Since the introduction of the IMO resolution on having ECDIS systems on board Solas vessels the demand on technological advancements on ECDIS systems has grown. Dr. Nikolay Lebedev from Transas, a long-standing ECDIS manufacturer, explains how the ECDIS industry currently uses the available hydrographic information and what future improvements could be made in order to allow marine electronic navigation to further evolve.
