

Australasian Hydrographic Society

East Australia Region

The EAR Committee held a one day seminar on 16 August 2013 with the theme of 'The Blue Economy and the Law of the Sea'. The EAR also hosted a Korea Hydrographic Society delegation at the seminar and included the signing of a Memorandum of Understanding between the Australasian Hydrographic Society (AHS) and the Hydrographic Society of Korea.

In the evening, Cdre Rod Nairn AM RAN received the highest award of the AHS, namely the Patrons Gold Medal. This is the first time this award was presented.

The EAR is very appreciative of the support provided by the sponsors of the event (Acoustic Imaging, CEE Hydrosystems, Fugro LADS, Seismic Asia Pacific and UVS).
