

EMODnet Bathymetry Workshop on a Harmonised Digital Terrain Model for European Seas

Oceanology International 2018 features an EMODnet Bathymetry Workshop which will provide an overview and demonstrations of the current portal and interactive services for viewing and downloading the harmonised EMODnet Bathymetry digital terrain model (DTM) for the European sea regions. The approach and progress of the ongoing development for the improved DTM and additional portal functionalities will be highlighted. In addition there will be an open discussion on extra user requirements and possible extra data contributions.

Interested persons are kindly invited to participate in the workshop, which will take place on **13 March 2018** from 14:00-17.00 hours in Gallery Meeting Room 2 at the Excel Exhibition centre, London, UK. Please indicate your participation by completing the [Doodle](#)

with name, affiliation and email address.

The workshop programme can be downloaded [here](#).
