

Hydrographic Society Benelux

HSB Educational Fund

The Educational Fund is part of the Hydrographic Society Benelux and is known for its annual award for students' best reports. However, it is also dedicated to expanding, improving and spreading knowledge of Hydrography. The Hydrographic Society Benelux and the Educational Fund want to communicate with students in a modern way and have therefore joined Facebook, LinkedIn and Twitter. We will post updates about meetings, seminars, webinars and new ideas, so follow us so as not to miss out on any new events!

Become a friend on Facebook, a member on LinkedIn, or follow the Hydrographic Society Benelux on Twitter, see the weblinks below.
