Use Our Web-site to Publicise Your Company

Our web-site provides an excellent possibility for companies and institutions operating in the hydrographic field of business to promote their products and services by placing a banner with company profile and web-link.

With your participation, the HSB site can be made more dynamic and become a more interesting place for all members to use as a communication platform to benefit both the HSB and you as member. Please contact Ellen Stuijbergen for more details.
