# L-3 Klein SonarPro Reaches Version 14.0

L-3 Klein, USA, has released SonarPro Version 14.0. SonarPro is Klein's operating software. SonarPro 14.0 is a major release with many new features and upgrades incorporated. The SonarPro 14.0 software is available for download from the L-3 Klein website.

It adds support for the 5900 and 4900 sonar systems, implements bathymetric signal to noise ratio and uncertainty data for the 3500 product family, provides the ability for another application to control SonarPro's connection and data acquisition functions via UDP commands, adds support for third party sensors and responder, provides numerous smaller feature enhancements and corrects reported bugs.
