

# Oceanology International 2018 Issues Call for Abstracts

The call for abstracts for Oceanology International 2018 is now open. Conference tracks available for submissions include Unmanned Vehicles and Vessels; Underwater Imaging & Metrology; Marine Renewables; Navigation & Positioning and more. Deadline for abstracts is 15 September 2017.

Visit the [OI18 website for a full list of topics](#), as well as each conference track's description, confirmed chairmen and to submit an abstract.

Being included as a presenter during Oceanology International 2018 opens the door to network amongst 7,500 marine professionals, government and academia from around the world. It allows to promote the technical experience of a speaker to a diverse range of end user technology buyers – and to discover new avenues for technology transfer between disciplines and industries.
