

# Regional Executive in Russia for MMT

MMT, headquartered in Sweden, has appointed [Andrey Voronov](#) as regional executive. He started as MMT's representative in Russia on 1 May 2017, working from Moscow, and is responsible for primarily increasing MMT's regional presence in Russia and strengthening business relations in this market.

Andrey has an extensive leadership experience from subsea operations and survey technologies and has worked for 25 years in the offshore industry for companies such as Nord Stream AG and Blue Stream and a leading Russian survey company.

Andrey Voronov comments: "It is my new challenge to support further expansion of its worldwide presence. MMT is growing and an advanced company on the survey market."
