

# SUBSEA 20/20 Joins Forces with Blueprint Subsea

SUBSEA 20/20, USA, was recently named an authorised sales agency for Blueprint Subsea, a UK hydroacoustic instrument manufacturer. An agreement of representation was formalised at the recent Ocean Business conference in Southampton, UK.

According to principal, Eric Munday, Blueprint Subsea products are consistent with SUBSEA 20/20's model of representing the best available solutions for clients. He considers the Oculus imaging multibeam as very interesting as a fisheries assessment tool for the company's existing clients and believes that the diver navigation and tracking devices will open completely new market segments for SUBSEA 20/20.
