Your Blog on Hydro International?

At *Hydro International*, we are always searching for great stories and the most relevant news. However, we are sure there is much more going on than our editorial team can cover. So we are encouraging hydrographic professionals to share their insights too. Are you interested in writing a blog about an exciting or unusual survey or project? Or perhaps you would like to inform our readers about a game-changing innovation? If so, let us know! We are keen to expand our coverage with your blogs. Contact our content manager, Cees van Dijk, to discuss your ideas. He is looking forward to hearing what you would like to share with our extensive worldwide readership!
