

4125 Side-scan Sonar Video

EdgeTech has released its 4125 Side-scan Sonar video and YouTube Channel. This video was created as an educational and promotional tool to highlight the characteristics of the new 4125 Side Scan Sonar.

The 6-minute video is published in the channel of Edgetech. Edgetech is aiming to provide additional videos that can quickly highlight their products and educate customers on the EdgeTech and ORE Offshore products.
