

Applanix User Group Meeting 2006

Applanix is looking forward to the User Conference, that will be held from 11 to 14 September 2006 in Toronto (Canada). Venue will be the Exclusive Renaissance Toronto Hotel. The conference programme promises esteemed guest speakers, including representatives from both CarnegieMellon and Stanford University who will describe their individual robotic successes at the 2005 DARPA Grand Challenge and hurdles expected at the next challenge in 2007. Applanix's senior innovators will address the expanding future of POS driven solutions for mapping and surveying, and outline our newest advances in R&D. Case studies of Applanix technology from DSS airborne rapid response surveying and Afghanistan peacekeeping operations to real-time mobile vehicle roadway surveying and scanning enterprises. Whoever has questions can visit one of the question/answer sessions, tutorial, and support and training workshop line-up ever. Special interest presenters and exciting evening events complete this year's itinerary, including dinner aboard the tall ship Kajama.
