

# Aquaterra 2007 on Delta and Coastal Development

The congress and exhibition Aquaterra 2007 will feature case studies on managing risks and creating opportunities at all levels, from economic and financial issues to safety and planning matters. Aquaterra 2007 will feature keynote speeches and informative technical sessions. The event will take place from 7 to 9 February 2007 at the Amsterdam RAI Exhibition & Congress Centre. The international forum includes case studies on Shanghai, the Dutch Delta, Dubai, Singapore, the Dutch "Room for rivers"™ project and the innovative California Bay Delta Project. The exhibition will showcase market leaders in the industry, including top dredging, construction and development firms, architects, consultants and equipment suppliers. Participating exhibitors include Arcadis, Dura Vermeer Groep, Fugro Ingenieursbureau, HKV Consultants, Huesker Synthetics, Netherlands Water Partnership (NWP), Royal Boskalis Westminster, RPS Groep, Seabed BV, Ten Cate Nicolon, Van Essen Instruments, Van Oord Dredging and Marine, and Witteveen & Bos. [The Aquaterra website](#) has been designed to help conference visitors better organise the time they spend at the event. Pre-registering to attend Aquaterra 2007 gives a 50 early bird discount until 15 December 2006.
