

# Atlas Services Group Expands Survey Department

Atlas Services Group (UK) has announced the appointment of Darioosh Naderi as account manager and technical consultant in the Survey Department of Atlas Services Group. Immediately prior to joining Atlas Services Group, he worked at Sonardyne International Ltd as senior surveyor providing survey consultancy, customer training and project management where he also had key involvement in Fusion LBL testing, designing and specification.

A graduate of Plymouth University, Darioosh began working with Stolt Offshore as Offshore Surveyor where he was involved in the acquisition and analysis of real-time data from a suite of survey sensors onboard Survey / Construction and Dive Support Vessels.
