

# Commercial Manager for Fugro Survey

Fugro Survey announces that Peter Boon has joined the team as Commercial Manager. Peter Boon has previously worked for GeoCom, Nesa/Thales GeoSolutions and Noordhoek Offshore, where he contributed to the successful launch of the Noordhoek Survey department.

Prime task for Peter will be to consolidate and (where possible) extend the market position of Fugro Survey in West Africa. Fugro expects to release some exciting new technological developments for this area and an extension in the resources available to the Clients. More details will become available later this spring.
