

Director of Sales and Marketing Appointment

Grant Jennings has been appointed to the post of director of Sales and Marketing for Teledyne Odom Hydrographic, one of the world's leading manufacturers of single beam and multi-beam echo sounders. He is joining the company after an extensive career in international sales, most recently leading the commercial business development of Teledyne RD Instruments ADCPs.

After an early career in telecommunications, Grant Jennings was for fourteen years the technical sales manager TSS, a major supplier of motion sensors and pipe and cable trackers used in offshore survey applications. Grant is consequently well known in the oil and gas, hydrographic, oceanographic and

renewable energy markets served by Odom hence is well placed to make a major contribution to the company's growth in both existing and diversified market opportunities. He will take-up his new role at the beginning of January when he will assume responsibility for all of Odom's sales and marketing functions.
