

Edgetech Appoints New Agent

International Industries has been appointed as Manufacturers Agent and Distributor for Edgetech. International Industries, based in Annapolis (MD, USA) will be representing the whole product range of Edgetech, including the 4200 and 4300 MPX Side Scan Sonar systems and the 3100 and 3200 Sub-bottom profilers.

International Industries was impressed by the active market approach of Edgetech. The company offers rental and operator support.
