

Elmeridge Cables Raffles a Bottle

During Oceanology International, starting on 11 March 2014 to 13 March in the ExCeL Centre in London, UK, Elmeridge Cables is organising a daily raffle and the incentive is a bottle of whiskey

Participation is very simple: to qualify, visitors are requested to enter a business card in a tube. Every day at 4PM, on the stand one card will be drawn. The name on the card is the winner. However, there is one important condition. If the winner is not present in person to receive the prize, a new card will be taken out of the lot.
