

eNavigation Centre

ECDIS Ltd have opened their new eNavigation Centre at Solent Business Park, where they will deliver their MCA accredited IMO 1.27 Model ECDIS course. The centre is equipped with full 23" ECDIS consoles and DNV-compliant bridge operation simulator, evaluated by the MCA as meeting the standards required by the STCW Code.

Mark Broster, managing director, says, that the eNavigation Centre will enable ECDIS to offer a larger range of courses and provide training to suit all varieties of mariner, from STCW for watchkeepers to short courses for Pilots, as well as ECS training for yachtsmen, fishermen and the leisure industry.

"We are delighted to offer our customers the ECDIS training solution at such a convenient location. Solent Business Park offers a great deal of flexibility with road, rail and air links and is well placed for our customer base. The facility will also enable delivery of our Portable ECDIS course as well as the Short ECDIS course and ECS training, so I am really pleased to be opening this new facility".
