

EPC News

The University of Alabama has added an EPC 1086NT to its HSP-100 in use with EdgeTech X-Star SBP System, Coda DA50 and Applied Acoustics Boomer /Sparker System.

Oceanographia (Mexico) has purchased a new GSP-1086-2 500 Series for general-purpose survey use and Sonographics Inc. (Florida) is using an HSP-100 to print

data from their EdgeTech X-STAR Sub-Bottom Profiler. Cochrane Technologies (Lafayette, LA) is using a HSP-100 and 1086NT with Coda DA50 Seismic Acquisition System and Coda DA50 Side Scan Acquisition Systems. Gulf Ocean Services (Gibson, LA) has added another Network Printer, this time the Model 1086NT to work with their Triton Elics ISIS and Klein 3000 Side Scan Sonar.

The Houston-based EPC Distributor, Survey Equipment Services, has needed to re-stock with new EPCs, 2 X GSP-1086-2 500 Series and 1 X HSP-100 to satisfy equipment rental contracts.
