

Exclusive Digital Rights Lewis Offshore

Nobeltec has announced an exclusive contractual relationship with Lewis Offshore Ltd for the digital rights to all Lewis Explorer Chartbooks under which Nobeltec will hold exclusive right to use, distribute and display the charts and represent Lewis' interests in future third-party licensing. Included in the software are low-resolution photos for the entire Bahamas region. Nobeltec partnered with Navigational Sciences to provide the latest in high-resolution photos, accurately geo-referenced to the user's GPS for popular cruising areas. This autumn the company will release new and updated photos, charts and recommended routes in the Region.
