

# FIG 2014 Congress: Registration Open

The registration for the XXV International FIG Congress 2014, to be held in Kuala Lumpur, Malaysia, from 16 to 21 June 2014, has opened. This edition promises to be a culmination of the four-year FIG Work Plan as well as the start of a new 4-year term under a new FIG president who will be elected at the 2014 General Assembly.

The celebration will be a mix of plenary and technical sessions and workshops; a trade show and side events and social functions, giving participants an occasion to discuss best practices within the surveying profession with their peers.

A fully packed programme will be offered. The Congress will showcase the work of FIG and its Commissions, Task Forces and Permanent Institutions. The programme will be underpinned by invited high-level keynote speakers in four plenary sessions. The four consecutive congress days will offer up to 10 parallel sessions and workshops. In addition a range of technical tours will be offered aimed at highlighting the role of the profession in Malaysia and set across the broad context of FIG's Commissions. There also will be a Malaysian evening as well as the gala dinner.

A discounted early-bird registration fee is available. [All details and registration](#) are available through the [conference website](#).
