

# General Acoustics Moves

The German specialist in hydro-acoustics has found a new home. The new building will give a perfect infrastructure for the growth of the company.

The location of the facility is close to the mouth of the Kiel-Canal to the Kiel Fjord where a direct access to the water is available. The move will be completed to the mid of February 2007. The new Address: General Acoustics GmbH, Am Kiel-Kanal 1, 24106 Kiel, Germany.
