

Geo-matching.com Now also Features Rental Equipment

Geo-matching.com has recently added rental equipment to its product services. Besides accessing detailed information about products and manufacturers, Geo-matching.com users can now also filter their search based on operating region, field of application and product category to find a supplier of the rental equipment that they are looking for.

[Swathe Services Group](#) and [GSE Rentals](#) are the first [rental equipment](#) suppliers to feature on Geo-matching.com. Both suppliers supply rental equipment in most parts of the world for numerous application areas.

[Geo-matching.com](#) has developed steadily over the years and is now the largest product database with 243 suppliers, 39 product categories and 963 products. In addition to detailed product information, such as technical specifications, product videos, case studies and professional user reviews, it is now also possible to find rental equipment suppliers on Geo-matching.com.
