

Geo Plus Inaugurates fast Survey Vessel

Geo Explorer is a 16.40m long, 5.20m wide fast survey vessel, capable of completing surveys in sea and shallow water. Equipped with multi-beam, she can fulfill a wide range of surveys in the 30 mile-zone in sea.

First assignment for *Geo Explorer*, christened on 14 July, is a survey in Cameroun. The vessel is constructed at the No Limit Ships shipyard and compliant with Lloyd's Register and the Netherlands IVW. No Limit Ships now builds a survey vessel for Jan de Nul, to survey near Dubai (UAE).
