

Grow Your Business with Geomares!

Whether you want to launch your new multibeam echosounder, are looking for an outstanding surveyor, aim to strengthen brand recognition or are keen to demonstrate the tangible benefits of your unmanned solutions, Geomares is a key partner in growing your business! As the publisher of '*Hydro International*' and various other titles, we form the link in the interaction between professional buyers and business in the hydrographic community.

To find out how we can help you grow your business, come and talk to our enthusiastic team of dedicated, knowledgeable marketing advisors and content professionals at Oi18. They are always happy to inform or advise you, supported by the largest global database of decision-makers in the hydrographic community.

Make a difference

Over the years we have devised and created countless opportunities for our clients to really make a difference with targeted and increasingly smart marketing campaigns. We work with you to execute and fine-tune your campaign until you achieve your goals, because ultimately that's what it's all about!

Examples of how Geomares can help you include:

- Generate maximum exposure with high-impact **Premium Display**
- Create a bond with new and existing customers by offering relevant and valuable
- Work on your **product marketing** by showcasing your products on our unique product platforms such as Geo-matching.com.
- Reach a precisely defined target group through **Advanced Targeted Marketing**.
- Gather useful market data and insights with a **Custom Marketing or Research**
- Work with our team of professionals to **create and design** high-quality materials and content.
- Utilise our **Recruitment and Consultancy** services to find suitable employees or new dealers.

... and Geomares has a lot more to offer! Spreading your content through our diverse array of communication channels is what we do best. We are always happy to provide tailored advice for the perfect marketing mix for you. Please don't hesitate to contact us with any questions via marketing@geomares.nl or [+\(0\)514 56 18 54](tel:+31514561854) or come and meet us at Oi18.
