

HELP PREDICT THE CONTOURS OF THE HYDROGRAPHIC INDUSTRY IN 2023

Hydrographic Industry Survey 2023

Please help us to predict the contours of the hydrographic industry in 2023 by [taking part in our annual survey](#). Whatever your involvement in the fascinating and ever-evolving science and surveying technique called hydrography, your feedback is very important to us, so we hope that you will take the time to [complete our survey](#).

The results of the survey will be presented in an in-depth article in the 2023 edition of our annual *Hydro International Business Guide*. We also use the results throughout the year as a basis for editorial choices and input for articles.

[Participate in the Industry Survey](#)

Feel free to share the survey with people in your network who, like you, have a clear vision of the future of hydrography.

Thank you!

Best regards,

Wim van Wegen,
Head of Content, Hydro International
