# HYPACK Workshop at CHC Conference

HYPACK Inc will hold a HYPACK Workshop at the CHC 2004 Conference.
The workshop will take placed on Monday 24 May 2004 at the Westin Ottawa Hotel, Canada.
This 1-day workshop will cover the latest features in our HYPACK MAX 4.3 hydrographic surveying software, including our latest HYSWEEP multibeam data collection and processing package, the new HYSCAN Side Scan Sonar Acquisition and mosaicing program, the 3DTV Terrain Dredge and our S-57Updater, program. The one day workshop will be free of charge.
