

Imagery Sought for Calendar

Submissions for CARISâ€™™ traditional calendar contest are now being accepted to be featured in the 2014 edition. CARIS software users are encouraged to submit their favourite CARIS imagery including geospatial datasets, maps, charts, 3-D views and more. The submission deadline is Friday 13 September 2013.

This year judging will be opened to the public. CARIS users and friends will be able to vote for their favourite images through the [CARIS](#) website and on CARIS' social media pages, [Facebook](#) and [Google+](#). Voting will take place from 23 September to 13 October 2013.

Once the voting period ends, the 12 images with the highest number of votes will win a spot in the 2014 CARIS calendar. In addition, CARIS judges will choose two additional images to be included in the 14-month calendar. The winning images will also be published on the CARIS website as downloadable calendar desktop images and be displayed on CARIS' social media pages.

The overall calendar contest winner, with the highest number of votes, will receive a mounted copy of their winning image and will be featured in CARIS Coastlines.

Previous calendar images can be found on the [Calendar Desktop Images](#) web page. Complete contest rules can be found on the [calendar contest](#) web page.

Your favourite CARIS imagery can be submitted using the [calendar contest](#) page.
