

IMarEST HQ Move

The Institute of Marine Engineering, Science and Technology (IMarEST, UK) has successfully moved its headquarters to Aldgate House, 33 Aldgate High Street, London EC3N 1EN.

"Our move from Coleman Street to Aldgate House went with military precision thanks to excellent pre-planning by our dedicated in-house 'removals team' as well as all the external experts," says IMarEST's Interim Chief Executive, Fiona Morris. "We are now well and truly moved in, and in touch with the wider world thanks to efficient work by our IT team. We look forward to welcoming Members and non-Members alike to our new headquarters."

The switchboard telephone number +44 (0) 20 7382 2600 and general fax number +44 (0)20 7382 2670 - and all direct dial numbers - remain unchanged, as do email addresses.
