

MAPPS™ Membership Towards Record Level

MAPPS, an association of geospatial, mapping and photogrammetry companies in USA, has added fifteen new member firms – now reaching more than 160 member and associate member firms. This number is amongst the highest membership in 25 years.

The 15 newest MAPPS members are 3DS (Diversified Design & Drafting Services Inc.), Advanced Mapping Technologies LLC, Aerial Viewpoint, Aero Data Imaging LLC, AviaTerra Geospatial Inc, Caris USA Inc, First American Flood Data Services, John Deere Agri Services, Kappa Mapping Inc., M7 Visual Intelligence, Morris-Murray Aerial Photogrammetry & Surveying Services, Pickett & Associates Inc., Pictometry International Corp., SIGSA and Valtus Imagery Services USA Inc.

Current MAPPS memberships spans the entire spectrum of the geospatial community, including Member Firms engaged in surveying, photogrammetry, satellite and airborne remote sensing, aerial photography, hydrography, aerial and satellite image processing, GPS, and GIS data collection and conversion services. MAPPS also includes Associate Members, which are companies that provide hardware, software, products and services to the geospatial profession in the United States and other firms from around the world.
