

NAUTRONIX Orders Fanbeam 4 Laser Positioning Systems

NAUTRONIX PLC has recently placed a substantial order with Measurement Devices Limited also of Aberdeen for the supply of an undisclosed number of Fanbeam 4 Laser Positioning Systems. The value of the initial order is in excess of US\$ 500K and is likely to increase over the next few months. The systems will be used in conjunction with Nautronix Dynamic Positioning Systems being supplied to multiple customers in various locations around the World.
