

# New Address for CARIS in The Netherlands

After nearly two decades at its current office in Heeswijk, The Netherlands, CARIS' European office is moving to a new location. The new office will open on 20 April 2015, making 17 April the last day at the current office location. In addition to the move, the office, which is usually referred to as CARIS BV, will change its name to CARIS EMEA (Europe, Middle East and Africa), reflecting the areas the office is servicing.

This premises, located in 's-Hertogenbosch, will double the available space and provide new facilities, including three fully equipped rooms for training courses.

Please note that during the week prior and following the move, requests and other services may require more time than customers may be used to.
