

New Appointments for TEI

TEI has appointed John Thomas as its new Director of Sales and Marketing. Mr Thomas holds an advanced degree in physics and mathematics and has over fifteen years of experience in engineering, sales and marketing aspects of imaging-based products in a variety of vertical markets, both commercial and federal. His previous positions as a General Manager, Director of Engineering, Executive Vice-President, and as an R&D Manager make him well qualified to continue and advance the reputation TEI has earned for responsiveness to customer needs.

TEI has also announced the appointment of Nick Smith as delegated Director General of TEI SA. Mr Smith will be in charge of daily operations at the company's Paris office, as well as new business development and customer relations in the European and Mid-East market segments.
