

Offshore Survey Registration Open

The Offshore Survey 09 conference will be held alongside Ocean Business 2009 at the National Oceanography Centre, Southampton from 1 to 2 April 2009. The conference features two days of technical presentations focusing on the essential sciences and data management critical to any offshore exploration or development project: from the first requirement of precise positioning to the acquisition and processing of geophysical data below the seabed and wider.

"The impact of dramatic oil price swings on the global Ocean Industry business make Offshore Survey 09 extremely timely. Over two days the OS09 Conference programme includes papers on market opportunities, latest technologies, essential techniques and reports on real-world milestone projects." states Conference Chairman Alastair

MacDonald.

Twenty speakers, all invited from international oil majors, service organisations and product companies, will be focussing on technology developments and business issues in the global field of offshore surveying.

Ocean Business Alongside

The combination of the Offshore Survey conference with the Ocean Business exhibits and on-water demonstrations makes the Southampton-based event, an opportunity to highlight the many facets of the offshore surveying industry.

The Offshore Survey and Ocean Business Gala dinner will be held on Wednesday 1st April 2009 at Dockgate 4 bar and grill. With at the time of publication 24 tickets remaining, [fast booking](#) is needed to secure your place.

Registration

Conference delegate places are limited so we encourage you to [book early online](#). Registration badges also provide delegates with access to the Ocean Business exhibition and training forum.
