

Planet Ocean Representing Sea-Bird

UK-based Planet Ocean has entered into an exclusive agency agreement with Sea-Bird Electronics of Bellevue, Washington, USA. The UK company has been working with Satlantic and WET Labs, the other two companies in the newly formed SEA-BIRD Scientific Group, for several years.

Sea-Bird's president, Norge Larson, and Planet Ocean MD Terry Sloane sealed the deal during the opening of the Sea-Bird Scientific European service and calibration centre in Kempten, Germany.
