

Record Number Users ADCPs in Action Industry Event

Teledyne RD Instruments (CA, USA) hosted its 6th ADCPs in Action Users' Conference in San Diego, California. Over 170 Teledyne RDI Acoustic Doppler Current Profiler (ADCP) and Doppler Velocity Log (DVL) users converged on Mission Bay to share information and learn from each other during this 3-day industry event.

This year's event highlights included;

- keynote speaker Mr. Steve Blanchard, Chief of the U.S. Geological Survey's Office of Surface Water
- over 50 industry experts presenting their ADCP/DVL field work and data;
- a full-day of Teledyne RDI product/software training
- a DVL integration workshop; new product introductions; poster papers;
- 14 industry co-sponsors
- one-on-one meetings
- and networking functions.

Full event details are available at the url below. Teledyne RDI's next ADCPs in Action Users' Conference will take place in San Diego, CA in 2009.
