

RIEGL LiDAR 2015: Abstracts Sought

The RIEGL LiDAR 2015 user conference will be held from 5-7 May 2015 in Hong Kong and Thursday 7-8 May in Guangzhou (Canton), China. RIEGL is putting together the agenda for RIEGL LiDAR 2015, proving the broad usage of RIEGL Lidar equipment in applications such as airborne scanning, bathymetry, UAV scanning and more. Users are invited to submit abstracts. Professionals who are interested in presenting at the Hong Kong and/or Guangzhou conferences should submit their abstracts by 31 January 2015.

RIEGL will be unveiling brand new products and major software updates during RIEGL LiDAR 2015 to its international community. A part from these introductions, delegate can experience keynotes and presentations from industry experts, meet with members of the RIEGL community from all over the world and join social events in the surrounding of two vibrant mega cities.

Esri will be the event's exclusive Platinum Sponsor. More confirmed sponsors include Applanix, Airborne Hydro Mapping, Flying-Cam, 3D Laser Mapping, Certainty 3D, Cyark500, Aeroscout, and technet-rail.

The first keynote speaker who is announced for RIEGL LiDAR 2015 is Mr Lawrie Jordan, director of Imagery from Esri, with over 30 years of experience as a leader in the field of image processing and remote sensing.

All information and registration – as well as further details on abstract submission – are available on the [RIEGL LiDAR 2015 event website](http://www.riegl-lidar-2015.com).
