

# Seamap for The Cortland Companies

Seamap, Inc. has signed a Representative Agreement with The Cortland Companies to provide sales and product support in Houston, Texas. He will support a growing product range of umbilicals, high strength synthetic ropes, engineered stress members, speciality cables and fibre-optic products for the offshore market in Houston. The group's manufacturing sites in the USA and UK supply offshore, aerospace, military, medical and general engineering markets world-wide.
