

Side-scan Sonar Seminar

A Side-scan Sonar Operations and Maintenance Training Seminar is to take place from 17th to 19th May, 2011. The seminar will be conducted at L-3 Klein's Facility in Salem, NH, USA. The training will include two days of classroom instruction and 1 day of on the water training; lunch will be provided daily.

This seminar is geared to the operator, as well as to the manager, who wants a better understanding of Side Scan Sonar techniques. The course is open to any user of side-scan sonar regardless of brand, experience, or occupation.

The instructor for the course will be Garry Kozak. For the past 27 years, Garry has been employed by L-3 Klein Associates as a sales engineer. He is a recognised expert in undersea search operations and travels the world providing consulting and training expertise to Navies and companies who have a critical underwater search need.

To register for the class, please contact Carol Morrissey at +1 6038936131 or via email at Carol.Morrissey@L-3com.com.
