

Six Ship Wrecks Lecture

Robert Church, Senior Marine Archaeologist at C & C Technologies, Inc., will discuss recent efforts regarding the study of six ships that were sunk by German U-Boats in the Gulf of Mexico during World War II.

Church's presentation will take place during "Shipwrecks", a National Oceanic and Atmospheric Administration (NOAA) Heritage Week lecture series at the NOAA Science Center on Tuesday, 5 February 2008 at 12:00PM local time. The location of the event is 1301 East-West Highway, Silver Spring, MD and the admission is free. For further information, please contact Robert Church at (+1) 337-210-0000 or visit C&C Technologies' website.
