

Teledyne RD Instruments "ADCPs in Action" User's Soon

Teledyne RD Instruments ADCPs in Action (AiA) Users' Conference will take place in San Diego, CA on October 5-7, 2009. This users' conference is designed to bring the oceanographic community together to share their ADCPs and DVL experiences.

The three-day event will include 47 presentations given by customers and industry experts from around the globe, 17 Teledyne RDI product/software training sessions, one-on-one meetings with our field service team, three new product introductions, a growing list of poster papers, and 15 event co-sponsors representing the latest products, software, and technology designed to assist our users.

This event also includes numerous social events designed to encourage networking and a free flowing exchange of ideas and information.
