

# TES Survey Equipment Services Appointed as QPS Reseller

QPS BV and Abu Dhabi-based TES Survey Equipment Services (TES) are teaming up for the Middle East region. The partnership significantly broadens the portfolio of software products offered by TES.

Established in 2007 by Susan Murray, [TES Survey Equipment Services](#) (a member of the Ashtead Technology Group) sells and rents a range of environmental, geophysical, survey and ROV equipment.

TES serves a wide client base throughout the Middle East region, maintains a comprehensive subsea equipment rental fleet and holds a number of distributor agreements with leading equipment manufacturers, all backed by local technical support capability.
