

Tritech International Appointment

Tritech International Ltd has appointed Maurice Fraser as its new Sales and Marketing Director. Throughout his short career with Tritech they have taken a keen interest in his professional development, leading to this position on the board.

Maurice joined Tritech in 2003 as the Customer Training & Commissioning Engineer before joining the sales and marketing team with responsibilities for international business development. During this time Maurice and the sales and marketing team exceeded targets year on year. With a successful global expansion to over 30 distributors worldwide Tritech's international turnover increased by 40% p.a. through to the end of 2007.

Prior to joining Tritech, Maurice enjoyed a long and successful career with the Royal Air Force in a variety of senior aircraft engineering roles. . Maurice has a BSc in Mathematics and Computing and HNCs in Electricity & Electronics and Mechatronics.
