

Guidelines for articles

Copy

- Maximum size 1,500 words
- Easy to read English language
- No marketing lingo
- No mathematical formulas
- No quotes. An article is about the professional information.
- Please include a short bio of the (up to 3) main author(s)

Structure

- Subheader: max 5 words
- Header: max 5 words, emphasising the topic
- Introduction: max 75 words
- Length of each section: 200 words recommended
- Avoid recurrent wording
- If applicable: put emphasis on research results rather than on research methodology
- If applicable: put emphasis on technology rather than on the company that applies the technology

More Information/references

- Maximum three items
- No footnotes in the main copy.

Images

- Please send us 3-5 high resolution images as separate files (when they are exceeding a total of 5MB, please use a file transfer service like <http://geomares.wetransfer.com>, Dropbox, Google Drive, OneDrive...)
- Make sure the figures/images can be legally published by Hydro International regarding copyrights.
- Due to online publishing, each picture should be able to be used independently. So avoid sequences of images like Figure 4a, Figure 4b etc. This should be: Figure 4, Figure 5; each with their own captions.
- Captions: a short sentence, more explanation should be found in the main copy with a reference to the figure(s).
- Please include portrait images of the (up to 3) main author(s)

Multimedia

- Include with your paper if available and applicable additional movies or (links to) online videos in a dedicated section. They will be embedded and increase the interaction with your paper!

Submission and Publication Process

- Submit your paper to joost.boers@geomares.nl by e-mail

- The paper will be reviewed by the *Hydro International* editorial board and the author will receive feedback for improvement
- After approval, the article will be published online on www.hydro-international.com.

Receive updates and publication

- We encourage authors to register through <http://circulation.geomares.nl/Geomares/hydro/hydro.jsp> to receive the magazine with their article as digital publication (at no cost) or printed edition. Do so *at latest* by the time the first draft is submitted.
- Stay updated of Hydro International news and articles through the Hydro International newsletter. [Subscribe to the newsletter](#) now!
